About Victoreks

Victoreks Ltd. aspires to be an international brand in medical plaster and bandage production with its brand AIDPLAST thanks to the experience gained throughout the years. In order to ensure the sustainability of the export-based vision in the market, it adopts a total quality management philosophy. Thus, Victoreks adopts as a principle a management approach that aims at long-term success through customer satisfaction and provides benefit to all members of the organization and society.

Victoreks has been providing service to its customers in the production of products branded with its registered trademark AIDPLAST as well as private label products with its expert staff. The products produced by Victoreks includes all kinds of medical plasters, surgical tapes, injection plasters, sterile wound dressings, sterile eye pads, sterile I.V. cannula plaster, first aid strips, capsicum/menthol plasters, elastic bandages and gauze bandages.

Victoreks operates in its 5800 m2 closed area that includes production, storage, laboratory and administrative departments complying with international standards. It has a high level of hygiene, occupational health and safety and sustainable production policy. With its technological infrastructure and high production capacity, it is among the most powerful producers in Turkey in its area of activity.
